## WORK EXPERIENCE

**Truelogic, Inc. – Front-end Developer**

**SKY Plaza Building, 5F, 6788 Ayala Ave, Makati**

2022 July–2022 Dec

I do build websites using the WordPress platform we use Gutenberg or Elementor as our page builder for our local clients. Since we are an SEO company I also do keep track of the website's speed, responsiveness, and also the site's compatibility with other browsers. I also do web maintenance for some of our local clients I check plugins, themes, and WordPress updates and also check their page speed and sometimes implement some changes to their website twice a month.

I build websites for real estate professionals, I do follow the clients particular color pallet or taste, we base it on their location, the type of houses they sell or rent. I also decide what component to use and the flow of the site that suits the best for our client we use a WordPress like platform, JSON, CSS, and HTML. I also use Photoshop, Hand-Break, and Filmora9 for light image and video editing.
